Dear Bryan,

Many apologies for the long delay in responding to your invitation to contribute to the Book of Memories you are compiling for your parents' 50th Wedding Anniversary. I am enclosing a picture and a card which we should like to have added to those I am sure you will be receiving from others who will be unable to attend your celebration party in May.

Your father and I were first and second honor graduates of the Salem (Ohio) High School Class of 1933. He well deserved to be named #1. We share memories of teachers and classmates of our junior and senior High School years, especially of our band, orchestra, and school newspaper in which we were both involved. The Class and our teachers were so proud of the Brass Quartet (of which your father was a member) when they were awarded scholarships at Wittenberg College.

I first met your mother when she accompanied your father to Salem for the 25th Class Reunion, and also for the 50th and 55th Reunions. Your parents heard that my husband and I were planning to visit relatives in California and graciously invited us to visit them, repeating the invitation by letter and by telephone. The two days we were their guests at the Hidden Hills home in the fall of 1989 were truly delightful. We found many common interests, and heard about their plans to move to Reno in the near future.

We both recall with pleasure their taking us to the local Sunday Morning Farmers Market. Virginia knew exactly which vendors had the best vegetables and fruit. Gale stood nearby, beaming at the bustling polyglot crowd - so different from what we see here in midwest Ohio - and making sure we noticed the specialties at each of Virginia's favorite stalls. Perhaps this recollection would be suitable for your Book of Memories.

Your planning sounds exciting and we thank you for the opportunity to participate in this small way. We wish you the very best of weather and an exciting reunion with friends and relatives.

Cordially,

Margaret and Gale Chichester

Dear Deanne & Bryan:

I recall so well flying to your home in Texas! Deanne you were about 6 years old! Peter was sitting in the front seat and was most impressed by the conversation Deanne and Dale had about a snake they had seen on the road! "That ole snake" received most service and scientific analysis! Just one of many lovely memories of Virginia and Dale's hospitality through the years.

Thanks to Dale Leppan and
the other members of the Scripps
Institution of Oceanography class of
1948, I was graduated with their
help! Thanks to Dale's foresight,
Texas A&M got off to a good
start in environmental
research. When the I.G.Y.
began, I remember Roger

carefully chose who should
be funded and Dale was
right after Scripps! A
proud record!

Dear Virginia and Dale,

We have waited until the last minute to send this. We had hoped that health problems would have improved to the point where we could be with on this day and delivery our message in person.

It is just over 17 years ago that we first made your acquaintance when you joined us in the Monterey Bay California Unit of the Wally Byam Caravan Club. Those have been momentous years and we have traveled many a mile together. During the years you have been our President & First Lady; looking back it is noticed that on many a month of May you have hosted unit rallies. Thus it has become known to us that the month of May was an important month in your lives.

The Comries, Eva & Russell would like to welcome you, Virginia and Dale again into a most prestigious club. This illustrative club has no registration, monthly or yearly dues. You have already paid them. There is only one qualifying requirement and we hear you have made it by being married to each other for fifty years. So it is, as you joined us in celebrating our Golden Years.

Eva and I are delighted to join your family and friends in wishing you a joyous anniversary. May this day bring fond memories of the loving years you have shared together and joyful anticipation of happy years to come. May God bless you.

With fondness memories,

Russ & Eva
COMRIE

P.S. It is hoped the pictures enclosed will bring back memories alluded to above.
