Bob and Dolores Dahme

on their 50th Anniversary

Dear Virginia and Dale:

My favorite memory goes back long years ago when the unit was to meet at a lumber company's property near Pescadero on the coast. We had all arrived except for you when a large moving van came creeping up that rutted logging road.

What an entrance! I remember Virginia's delighted smile and Dale's aplomb at our bewilderment! Your trailer was snugly inside, I think after the car was disabled in an accident in Santa Cruz. NOBODY has ever topped that arrival.

You have to remember that I've lost half of my memory bank. If Bob were here, he could dredge up many more stories including some of Dale's hilarious reports on esoteric subjects.

I do remember your skit at Region 12's Paso Robles meeting on how to conserve precious water in a 17' trailer by taking a shower together. It wasn't as naughty as it sounds since Virginia had a firm hold on her bathrobe the whole time.

Anyway our unit is richer for having such friendly, helpful, enthusiastic and supportive members, a very dear couple indeed.

Though we did have to eat a lot of cookies and you are the only people I know who have a car-eating dog.

love,
