Dear Dale & Virginia -

Sorry we can't join you  
at your ~~50<sup>th</sup>~~ anniversary party -  
have a wonderful time!

We often wonder if you have  
ever had to confirm your  
findings re the efficacy of  
aviation fuel in a tow car?

With fond memories,

Helen & Henry

Congratulations!

And may the years ahead

hold for you

the same HAPPINESS

that fills your hearts today.

A SALUTE TO DALE AND VIRGINIA LEIPPER

What a pleasure it is to write a message to you on the occasion of your 50th wedding anniversary! You both have many, many attributes that would make for a happy fifty years, but we feel that the best attribute is your sense of humor which could withstand a 100 years of marriage!

There are many memories of times we have shared together so that it is difficult to choose among them. One that stands out concerns the Unit caravan to Cabo San Lucas and being a part of the four "Tag-a-Longs". How can we ever forget the occasion when the Leipper's "corn-binder" gave up the ghost right outside of Muleje, and where a Volkswagen stopped and a man got out and inquired of Dale, "you must be Dr. Leipper". We all knew that you were well known, but were really impressed that you were recognized in such a remote location! It could, and would, only happen to the Leppers; and you, Virginia, were so very blasé! Only you could pull that off!

We have enjoyed some good caravans together, but that was the very best. Will you ever forget how Chris Cox taught us how to play tiles, and we beat her every time? And there you were at Cabo San Lucas with your awning jauntily unfurled from the Bambi as you both relaxed under it with a tall, cool one.

Thank you for your friendship, and may we enjoy many more good times together.

Dear Dale and Virginia,

We want to wish you much joy as you celebrate your fiftieth Wedding Anniversary. May you continue to have many more happy ones. We will celebrate our fiftieth in 1993.

We regret that we personally cannot be with you for the celebration.

Dale, I appreciate your helping Griffiths and me in acquiring the Tropical Rainfall Project. It was very interesting and continued for several years. In fact the results have continued even after my retirement, in consulting contracts. In 1987 and 1988 I collected synoptic data in the Caribbean. Frances and I spent 52 days in the Caribbean in 1988. Over 3000 pounds of data was shipped to me. After sorting and recording missing data it was shipped to the USAF in Ashville, NC to be put in the computer.

Virginia, I remember the many times the wives met together to sew and visit. I also remember Stephen's senior party at your house and Stephen spent more time with Bryan catching frogs than he did at the party. Keith and I have many fine memories.

It has been our pleasure to know you and to have you as friends. We are privileged to know of the event and that we can send our congratulations.

Happy Anniversary,

W. Keith Henry

Dear Virginia & Dale

Congratulations, you two!

It's so nice to welcome you to our group of 50<sup>th</sup> Anniversary members. It took a long time, didn't it? ! Fifty years of seeing lots of changes in the world and in our families.

Virginia, there were several periods in our lives when we practically grew up together - in grammar school when our folks were working at the Log Cabin Cafe and in College days when your folks gave me board & room so I could attend San Diego State. I will always be grateful

to your family for "putting me up" & putting up with me!"

Although we didn't see much of you two after you were married, I

do remember something that happened at the Wedding Reception. While we were waiting for the photographer to make the final adjustments for Bride & Groom picture, I thought Virginia looked very nervous & tense. So when I caught her eye I made a crosseyed gruesome face at her which broke her tension & made her laugh. From the looks of some of the Leipper family I think they wondered which branch of the family tree I came from. I was embarrassed. Virginia seemed more relaxed.

Les & I have always enjoyed your visits with us, either at our home in Alpine or at the beach where you were camping. Please keep us in mind when you are down our way again.

May we enjoy our Golden Years for a long long time!

Love! God Bless!

Dear Doe and Virginia,

Congratulations on your 50th! It certainly is a real milestone, and we wish you joy of the day and many more anniversaries.

The Amity Class is going strong with people whom you will remember still attending - Ed and Laura Lebesta, Doe and Jessie Durham, A.P. Henney.

We recall with pleasure your teaching of the class and the wealth of scientific knowledge you brought to our discussions. We were full of talk then and still are!

My wife, as their teacher, remembers your Lene family with affection - which is what we feel for all of you.

Sincere best wishes,  
Harrison & Margaret Shierh

Dear Virginia and Dale,

Congratulations on your fifty years together. I know you have had lots of fun along the way because Or and I were with you these last few years.

I recall a lovely dinner you gave for all the Monterey Bay Unit Members at your home in Carmel Valley. Also, can picture the trays of beautiful red strawberries you brought for breakfast at the Pinnacles. That exciting ride we all enjoyed on Monterey Bay, thank you again for that Dale. Caravans were fun times, of course the time you were locked in the Airstream at Hat Creek was not.

Enjoy the years ahead and good health to you two. Love  
Amye
